

**REQUEST FOR PRODUCT PURCHASE EXCEEDING 30-DAY SUPPLY.  
ACKNOWLEDGEMENT OF PRODUCT CONSUMPTION OR RESALE**

*Per MLM regulations, Escape has implemented rules regarding product purchase and consumption. This document is one element of the corporate compliance requirements.*

It is understood that the shipment of wellness product is generally for a one month supply (one case per each person per household) and is to be consumed or resold before subsequent orders can be honored.

An order that exceeds this amount requires certification from the ordering representative that the amount ordered would indeed be consumed or retailed prior to subsequent orders being honored. In the case of autoship, it must be consumed or retailed (per the 70 percent rule) prior to the next autoship date.

This order cannot be placed for the sole purpose of satisfying a previous months qualification requirement

I certify that I have consumed or retailed at least 70 percent of all previous wellness product ordered thru Escape International. I certify that this order cannot be placed unless these conditions have been met.

I certify that my product order dated \_\_\_\_\_ is an amount that exceeds the normal monthly allotment that is allowed per order. I also certify that I will consume or retail (Per the 70% rule) this product order before I will place any subsequent on-line orders or accept another Autoship order.

If I am on autoship and I have not consumed or retailed at least 70% of this order before my next autoship date, I will cancel my autoship by contacting Escape International at 248-593-3072.
